## DEPARTMENT OF COMMUNITY HEALTH NURSING

### ❖ VISION

Facilitate the student learning within a culture that promotes professional excellence through Evidence Based Practice & to provide quality care to the individual, family & community as a whole.

### ❖ MISSION

Impart quality education in order to develop in depth understanding of the relationship between individual & community in preparing the student as an exemplary Community Health Nurse who serve by providing high quality, accessible patient centered care regardless of cultural background, social barriers or ability to pay.

### ❖ OBJECTIVES

The objectives of department are:

- Assess & address the health needs of the individual, family & community by applying the nursing process in community setting.
- Provide health education & counselling to individual, family & community to promote health, prevent diseases, manage chronic conditions & rehabilitate the individual.
- To promote research mindedness in students in community setting.
- Recognize & participate in the management of emergencies, epidemics & disaster and conduct community health nursing care projects.
- To apply recent technologies & care modalities while delivering community health nursing care & incorporate evidence based nursing practice.
- To teach community health nursing to undergraduates, in service nurses & the community health workers and to demonstrate leadership & managerial abilities in community health nursing practice.
- To develop skills to Coordinate & collaborate with various agencies operating in the community by using inter-sectoral approach
