## REPORT ON POLIO CAMP ON 27<sup>TH</sup> FEBRUARY, 2022

## INTRODUCTION:

Pulse Polio is an immunization campaign established by the Govt. of India to eliminate Poliomyelitis (Polio) in India by vaccinating all children under the age of five years against the polio virus.

The Polio National Immunization Day 2022 has been rescheduled to 27<sup>th</sup> February. It was scheduled to be held on January 23. The booth activities followed by house- to-house surveillance (mop up rounds) over the next two to five days to identify & vaccinate children who missed getting vaccinated at the booths.

## OBJECTIVES:

- To immunize children through improved social mobilization, plan mop-up operations in areas where poliovirus has almost disappeared and maintain high level of morale among the public.
- All children under the 5 year should be vaccinated.
- To achieve certification of global polio eradication.
