## INTRODUCTION:

The Group of Twenty, or G20, is the premier forum for international cooperation on the most important aspects of the international economic and financial agenda. It brings together the world's

major advanced and emerging economies. The G20 comprises Argentina, Australia, Brazil, Canada, China, EU, France, Germany, India, Indonesia, Italy, Japan, Mexico, Russia, Saudi Arabia, South Africa, South Korea, Turkey, UK and USA. The G20 Countries together represent around 90% of global GDP, 80% of global trade, and two thirds of the world's population.

### THE OBJECTIVES OF THE G20 ARE:

- a) Policy coordination between its members in order to achieve global economic stability, sustainable growth;
- b) To promote financial regulations that reduce risks and prevent future financial crises; and
- c) To create a new international financial architecture.

Youth20 is one of the eight official engagement groups under the G20 umbrella. The G20 rotating presidency bears the responsibility of hosting the youth summit, which

usually takes place some weeks prior to the traditional forum to know what the youths are thinking and incorporate their suggestions in their own policy proposals. It is an attempt to create a connecting point between G20 governments and their local youth. The Y20 India Summit in 2023 would exemplify India's youth-centric efforts and provide an opportunity to showcase its values and policy measures to the youth across the globe.
