INTRODUCTION:

The celebration of Guru Purnima is marked by spiritual activities and may include a ritualistic event, Guru puja, in honour of the guru or teacher. Gurus are believed by many to be the most necessary part of life. On this day, disciples offer puja or pay respect to their guru. In addition to having religious importance, this festival has great importance for Indian academics and scholars. Indian academics celebrate this day by thanking their teachers as well as remembering past teachers and scholars.

As per Buddhist tradition, the festival is celebrated by Buddhists in honour of the Buddha, who gave his first sermon on this day at Sarnath, Uttar Pradesh, India. In the yogic tradition, the day is celebrated as the occasion when Shiva became the first guru, as he began the transmission of Yoga to the Saptarishis. In Vedic Hindu tradition, the day is celebrated in honour of the sage Vyasa, who is seen as one of the greatest gurus in ancient Hindu traditions and a symbol of the guru-shishya tradition.

The word guru is derived from the Sanskrit root words, gu and ru. Gu means "darkness" or "ignorance", and ru means "dispeller. Therefore, a guru is the dispeller of darkness or ignorance.

Guru Purnima (Poornima) is a religious festival dedicated to offering respect to all the spiritual and academic gurus. It is celebrated as a festival in India, Nepal and Bhutan by Hindus, Jains and Buddhists. This festival is traditionally observed to honour one's chosen spiritual teachers or leaders. It is observed on the full moon day (Purnima) in the month of Aashaadha (June–July) according to the Hindu calendar. The festival was revived by Mahatma

Gandhi to pay tribute to his spiritual guru, Shrimad Rajchandra. It is also known as Vyasa Purnima, for it marks the birthday of Veda Vyasa, the sage who authored the Mahabharata and compiled the Vedas.
