INTRODUCTION:

"Give me your blood, and I shall give you freedom"—the quote by Netaji Subhas Chandra Bose inspired thousands of Indian youths to join the struggle for independence from the British colonial rule. A pivotal figure in India's freedom movement, Netaji is considered by many as one of the greatest leaders ever born.

To commemorate his contribution to India's struggle for independence, every year on 23rd January, Subhas Chandra Bose's birthday is celebrated across various parts of the country. **In 2023, Subhas Chandra Bose Jayanti falls on Monday. It will mark his 126th birth anniversary.**

Born in Cuttack, Odisha, Subhas Chandra Bose was born in a well-off family. A brilliant student, Netaji ranked second in the matriculation examination and fourth in the Indian Civil Services (ICS) examination. He quit his high-paying ICS job and came back to India from England in 1921 to join India's struggle for independence. Initially a member of INC (Indian National Congress), Netaji opined that to earn freedom, it's necessary to wage war against the British.

He formed the Azad Hind Fauj, a military regiment designed to counter the British. With socialist beliefs and thoughts, Netaji inspired millions of youths to join the struggle for independence.

Netaji Subhas Chandra Bose Jayanti 2023 Celebration in India: In Last year Prime Minister Narendra Modi renamed 3 islands in Andaman and Nicobar to celebrate the 75th anniversary of hoisting the national flag of India by Netaji Subhas Chandra Bose.
