INTRODUCTION:

VNSGU

Veer Narmad South Gujarat University is a public university located in the city of Surat, Gujarat, India. Previously known as **South Gujarat University**, it was renamed as Veer Narmad South Gujarat University (VNSGU) in 2004 in honour of the famous scholar and Gujarati poet Narmad. Established in 1965, the university offers undergraduate and postgraduate courses, including non-traditional postgraduate departments such as public administration, rural studies, comparative literature, and aquatic biology.

National Service Scheme (NSS) was introduced in 1969 with the primary objective of developing the personality and character of the student youth through voluntary community service. 'Education through Service' is the purpose of the NSS. The ideological orientation of the NSS is inspired by the ideals of Mahatma Gandhi. Very appropriately, the motto of NSS is **"NOT ME, BUT YOU"**. An NSS volunteer places the **'community'** before **'self'**.

OBJECTIVES OF THE NSS:

NSS aims at developing the following qualities/ competencies among the volunteers:

- a) To understand the community in which the NSS volunteers work and to understand themselves in relation to their community;
- b) To identify the needs and problems of the community and involve themselves in problem-solving exercise;
- c) To develop among themselves a sense of social and civic responsibility;
- d) To utilize their knowledge in finding practical solutions to individual and community problems;
- e) To gain skills in mobilizing community participation;
- f) To acquire leadership qualities and democratic values;
- g) To develop capacity to meet emergencies and natural disasters;
