## SANDRA SHROFF COLLEGE OF NURSING

# SCHOOL HEALTH PROGRAMME AT GOVT.PRIMARY SCHOOL CHHIRI

ON 8TH, 9TH & 10TH JULY, 2024

Sandra Shroff College of Nursing

### INTRODUCTION

A comprehensive school health programme is an organized a set of policies, procedures and activities designed to protect and promote the health and well-being of students and staff which has traditionally included health services, healthful school environment and health education. Health education builds students' knowledge, skills and positive attitudes about health. Health education teaches about physical, mental, emotional and social health. It motivates students to improve and maintain their health, prevent diseases, and reduce risky behaviours.

### **OBJECTIVES**

The objectives of school health programme are as follows:

- The promotion of positive health
- Prevention of diseases
- Early diagnosis, treatment and follow up of disease
- Awakening health consciousness among children
- Provision of healthy environment

## PROGRAMME'S REPORT:

3rd year B.Sc Nursing(5th semester) Students of SSCN had organised School Health Programme including TD vaccination campaign in collaboration with RBSK team on 8th, 9th & 10th July, 2024 at Govt. Primary School, Chhiri. The programme was organised under the guidance of Dr.Anita Nawale, Vice Principal, Mrs. Suparna Chakraborty, Associate Professor & Mrs. Hetal Patel, Assistant Professor. Total 775 students & 33 Teaching & non-teaching faculty participated in School health assessment.

On 8th July, 2024 senior kg to 3rd standard students were screened. On 9th Juy, 2024 4th standard to 6th standard students were screened. On 10th July, 2024 4th & 8th standard students including 33 teaching & non-teaching faculty were screened for anemia, Diabetes Mellius, Hypertension & General disorders. RBSK team also got help as students were involved for TD vaccination campaign with physical assessment.

As a part of School health programme, health assessment was done on 775 students & 33 teaching & non-teaching faculty in which include Anthropometric measurement, Eye check-up, car check-up and Dental check-up. At first registration of all the children was done which included basic identification data (Name, Age, and gender) of child. On Day-2, Ms. Dixita & Ms. Maheswari gave health education on Environmental sanitation & Personal Hygiene. On Day-3, Ms. Hemangini & Ms. Ayushi gave video teaching on Menstrual Hygiene & Care of adolescent.

THE FINDINGS OF HEALTH ASSESSMENT:

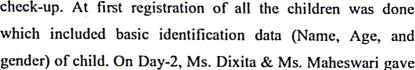

9.0.9% children were malnourished
2 children had Hyperopia & 8 children had Myopia
2 206 children had Dental carries

CONCLUSION:

Students of 3rd year B. Sc nursing along with guidance of two faculty members (Mrs. Suparna Chakraborty and Mrs. Hetal Patel) had organised SCHOOL HEALTH PROGRAMME on 8th, 9th 10th July, 2024 at Govt.
