organized awareness programme on World Cancer day 2021.

World Cancer Day:
A leading international awareness day
Theme: "I am and I will"

World Cancer Day every **4 February** is the global uniting initiative led by the Union for International Cancer Control (UICC). By raising worldwide **awareness**, improving **education** and catalysing personal, collective and government **action**, we're working together to reimagine a world where millions of preventable cancer deaths are saved and access to life-saving cancer treatment and care is equal for all - no matter who you are or where you live.

Created in 2000, World Cancer Day has grown into a **positive movement** for everyone, everywhere to unite under one voice to face one of our greatest challenges in history.

Each year, hundreds of activities and events take place around the world, gathering communities, organisations and individuals in schools, businesses, hospitals, marketplaces, parks, community halls, places of worship - in the streets and online - acting as a powerful reminder that we all have a role to play in reducing the global impact of cancer.

This year's World Cancer Day's theme, '**I Am and I Will**', is all about you and your commitment to act. We believe that through our positive actions, together we can reach the target of reducing the number of premature deaths from cancer and noncommunicable diseases by one third by 2030.

At College, Mrs. Sandraben Shroff, Founder and Chief Patron of SSRCN has inaugurated the afternoon session.

In morning session, 2nd year M.Sc. students, 1st year M.Sc. students and 3rd year B.Sc. nursing students has organized health awareness programme at OPD Block, Haria L. G. Rotary Hospital.

Theme opening was done by Dr. S.S. Singh, Medical Superintendent, HRH and Dr. Makrand Bhole.

B.Sc. and M.Sc. students has conducted awareness programme for patients and their relatives in various areas of hospital such as OPD Block, General medical wards.

In afternoon session, Online quiz competition was organized for all B.Sc. and M.Sc. nursing students. Total 30 students responded in quiz competition.

Following results were found.
