

SANDRA SHROFF COLLEGE OF NURSING, VAPI

REPORT ON **WORLD TUBERCULOSIS DAY**

DATE: 24th March 2024

THEME: "Yes we can end TB."

VENUE: Harai L.G. Rotary Hospital Vapi.

REPORT

Mrs. Sheba Joverse, Associate professor, SSCN, Vapi along with other faculty members Ms. Pinal Patel and Ms. Drashti Patel attended the program organized by M.Sc. first year and B.Sc. 3rd semester students, SSCN, Vapi in which around 20-25 people were gathered. The event started at 11:30 am. Unfolding of the theme was done by Mrs. Sheba Joverse and thereafter gave a short message to the public on the history of tuberculosis, incidence and current statistics and its impact on society and our country.

Students explained in detail about Tuberculosis to the general public. Moreover, the students performed an interesting roleplay on Tuberculosis which created enthusiasm among the public and shared message on the causes, spread, symptoms, various diagnostic studies, role of nurse, health care professionals as well as patient's family in its prevention, control and management. Finally, the students distributed informative pamphlets to public on Tuberculosis followed by an interactive session in which the audience asked questions, clarified their doubts and shared their views and assured to contribute to the society in putting an end to this dreadful disease. The overall response of the public was positive and the event got completed by 1 pm.
