

**SANDRA SHROFF ROFEL COLLEGE OF NURSING,  
VAPI**

**REPORT ON WORLD WATER DAY 2021**

**THEME: VALUING WATER**

## **INTRODUCTION:-**

The World Water Day celebrates water and raises awareness of the global water crisis, and a core focus of the observance is to support the achievement of Sustainable Development Goal water and sanitation for all by 2030. The importance of water. World Water Day, held on **22 March** every year since 1993, focuses on the importance of freshwater. World Water Day celebrates water and raises awareness of the 2.2 billion people living without access to safe water. It is about taking action to tackle the global water crisis.

## **THEME:-**

### **CELEBRATION OF WORLD WATER DAY 2021**

#### **"VALUING WATER", 22 MARCH 2021**

The theme of World Water Day 2021 is valuing water. The value of water is about much more than its economic value – water has enormous and complex value for our households, food, culture, health, education, economics and the integrity of our natural environment. If we overlook any of these values, we risk mismanaging this finite, irreplaceable resource. SDG 6 is to ensure water and sanitation for all. Without a comprehensive understanding of water's true, multidimensional value, we will be unable to safeguard this critical resource for the benefit of everyone.

## **REPORT OF WORLD WATER DAY :-**

As a part of community posting 4th year B.Sc. Nursing students of SANDRA SHROFF ROFEL COLLEGE OF NURSING, VAPI organized one day event on world water day on Monday, 22<sup>nd</sup> march, and 2021. Our 4th year B.Sc. Nursing students were actively participated in this programme. The programme of world water day was conducted at primary health center orwad on 22nd march, 2021. Mr. Mehul, student of 4th year B.Sc. Nursing gave away the welcome speech. Then Dr. Tejash Patel & Dr. Dhara Tandel had given their valuable speech on the theme

of world water day and unfolded the theme of world water day 2021. After theme opening, the programme was started with the health education on the water sanitization (WASH ) by Hetvi Patel. Then we kept one video Assisted Teaching Programme on water sanitation & Solid Waste Disposal. After that Ms. Jemini gave health talk on Waste Disposal to generate public awareness.

**CONCLUSION:-**

The theme of World Water Day 2021 is “Valuing Water” and has been chosen to highlight the value of water in our daily lives.
